

COVER

Continuous identity and wealth monitoring.

For people who want a serious watch on what is on the open record about them, the institutions they hold with, and the people closest to them.

GBP 400 / month

Continuous Monitoring

Identity Exposure Monitoring

Continuous reads across the open record on the principal, including data brokers, breach databases, search residue, and look-alike registrations.

Wealth Posture Monitoring

Continuous reads against the institutions on the file, including banks, exchanges, custodians, brokers, and platforms in current use.

Family Coverage

Same identity-side watch extends to spouse or partner and dependent children, with their consent.

Engagement

Same-Day Notes

When something material touches the file, the firm reaches out the same day on the encrypted channel.

Quarterly Review

A forty-five minute review every quarter on what was caught, what was cleaned, and what is outstanding.

Named Correspondent

One member of the team carries the file end-to-end. The point of contact does not change without notice.

Removal And Cleanup

Data Broker Removal

Removal requests filed across the broker network, tracked through, and re-verified.

Look-Alike Domain Action

Where a domain is registered against the name in bad faith, takedown action where lawful and within scope.
